## MRS. KIPLINGER BARELY ESCAPES

Leaves Husband's Tent at Camp  
Shelby Ten Seconds Before it  
is Struck by Missile

STUMP IS HURLED 200 FEET

Falls Through Top of Capt. Kiplinger's Tent, Demolishing  
Desk and Typewriter

(Special to the Daily Republican.)

Camp Shelby, Miss., Oct. 30.—Mrs. John H. Kiplinger of Rushville, Indiana, wife of Captain Kiplinger of the Headquarters company, 139th Field Artillery, narrowly escaped serious injury or perhaps death Saturday afternoon when a section of a dynamited stump was hurled two hundred feet through the air into her husband's tent.

Mrs. Kiplinger had left the tent less than ten seconds before the accident occurred. The missile tore a hole four feet in diameter in the roof of the tent and struck the captain's desk, demolishing it and wrecking a typewriter. Too heavy a charge of dynamite is held to be responsible for the accident.

Mrs. Kiplinger and her two sons, Jules and Jean, had taken advantage of the half holiday and were visiting the captain at the time.

The soldiers of Camp Shelby turned out en masse Saturday to do honor to Ruth Law, daring aviator who made two exhibition flights. Followed by the eyes of two thousand men, including General Lewis and his staff, Miss Law ascended in her Curtis bi-plane to a height of fifteen hundred feet and looped the loop, performed figure eights and several other varieties of death defying stunts.

While aloft the aviatrix dropped "bombs," consisting of her picture and a word of appreciation to the soldiers of the camp, upon the crowd below. After landing Miss Law made a short speech congratulating the men of Camp Shelby for their generous subscription to the Liberty Loan.

Camp Shelby subscribed to more Liberty Bonds than any other national guard or national army camp in the country.

The funeral services of Mrs. Goldie Parker were conducted this afternoon at the Raleigh Christian church, with the Rev. G. F. Powers conducting the services.

Oneal Brothers have claims against the estate of John E. Alexander for \$54.50 and the estate of Mathew Kerner for \$133.98 pending in the circuit court.

## Red Cross Appeals for More Women Workers

Directly Responsible For Supply of  
Surgical Dressings Which is  
Most Important

CLASSES THREE TIMES A WEEK

After being closed two weeks the Red Cross Headquarters are open and ready for work.

The following statement, making an appeal for workers was issued today:

"The Red Cross is directly responsible for supplying surgical dressings and nothing in the whole situation is more important.

"Red Cross dressings in millions must be sent over with all possible speed. If this is not done and done immediately a serious calamity and a national disgrace is inevitable. The American women who compose the Red Cross chapter workers are preparing, with all possible speed,

## SON IS GOING TO FRANCE

James Tarplee Will Visit Sergeant  
Tarplee at Fort Oglethorpe

James Tarplee received a card from his son, Arnold Tarplee, announcing that he had arrived at Fort Oglethorpe, Chattanooga, Tenn., where he was transferred from Fort Sam Houston, Texas, and that he would leave soon for France. Sergeant Tarplee asked his father to visit him before he left this country and Mr. Tarplee wired back he would be there Friday. Sergeant Tarplee has just been promoted to quartermaster sergeant.

## CAUSES WIRELESS TO BE DISMANTLED

County Council of Defense Finds  
One up in This County in Violation of Federal Order

SHERIFF CONFISCATES IT

The vigilance with which the County Council of Defense is looking after the interests of the government is disclosed by the fact that an amateur wireless station was discovered in this county not long ago; was reported to the federal authorities and was later dismantled by Sheriff Cavitt on orders from L. Ert Slack, United States district attorney for Indiana.

The station was discovered by a member of the County Council of Defense and immediately reported because the government ordered at the very outset of the war that all wireless apparatus except that used in official government business be dismantled so that it could not be used.

The farmers sons who had the station in question probably thought they had obeyed the orders of the government order by disconnecting the wires, but to dismantle a station the government means that all the apparatus shall be taken down, because wires can very easily be connected and the station put in operation. Sheriff Cavitt confiscated the instruments of this station and had the poles and wires taken down.

## TO FIX BEEF PRICES

Chicago, Oct. 30.—The first meat prices under government control will be announced within the next month, Charles McCarthy, personal representative of Herbert Hoover, declared today. Committees investigating packing house conditions and preparing the way for the licensing system which starts Thursday and to act as an advisory council have been appointed and are at work. The committee which investigates the cost of hog production was appointed.

## MANY TONS COAL ARE BEING STOLEN

Fuel Is Taken Before Dealers Have  
A Chance to Unload It—One Car  
23 Tons Short

SITUATION WILL IMPROVE

Although Shortage Exists, Township  
Trustee Has Had No Appeals  
For Help

TO AID FUEL ADMINISTRATOR

(By United Press.)  
Indianapolis, Ind., Oct. 30.—Alexander Holliday, formerly general manager of the Noblesville, Ind. Light and Heat company was today named assistant to federal fuel administrator for Indiana, Evans Woolen. Fifty-four cars of coal were ordered sent to various cities.

## MANY SUFFER FROM COLD

Chicago, Oct. 30.—Thousands of persons in the middle-west were actually suffering from the coal today as a result of the general coal shortage. Dealers declared the condition is critical and that only prompt action can prevent grave results.

Every earload of coal received by local coal yards weighs several tons short because of the fact that coal is stolen from the supply every night before it is unloaded. Some is also stolen on the way before the car reaches here. One coal dealer stated today that one earload was 23 tons short when he received it. That amount is almost half of what the car originally contained. He stated that every car was from three to five tons short. Another dealer missed seven tons from a earload received recently.

Watches are to be provided by all dealers, who have not already done so, to prevent this decrease in the supply. The dealers can not, as it is, supply the demand and with such amount taken from every earload, the dealers find it all more difficult to fill the orders. Aside from the inconvenience to the public it is a great financial loss to the dealers.

With the sudden drop in temperature last night, the coal shortage was felt more this morning than it has been. Although one dealer had two car loads and another a full car load and a few tons left from another car, consumers who did not have their orders placed in advance stood little show in getting any fuel.

All coal dealers have orders on their books which can not be filled. One has a sign on his door announcing that all the coal he has is sold. They are expecting, however, that Virginia coal will move much faster now than it has previous to this time because shipments are now being made down the Ohio river to the Cincinnati market.

Any assistance that may be expected from a county fuel administrator here is negligible as yet because the recommendation of S. L. Trabue for the appointment has not been acted on. Once he is appointed it will be his first duty, according to an announcement from the office of the state fuel administrator to gather information regarding the supply of coal in the county; also to ascertain the needs as regards fuel. If the stage is reached where there is absolute distress for the want of fuel, the county administrator can call on the state fuel administrator for relief, which it is presumed will be granted, as relief shipments have been ordered to a number of cities by the state administrator.

The mercury dropped over thirty degrees late yesterday afternoon and last night proved to be the coldest of the winter. In spite of this fact and the additional fact that there is a fuel shortage, J. V. Young, township trustee, said this morning

## MEATLESS DAY NOT WIDELY OBSERVED

Dealers Say Sales Equal Average  
Day Though People Were Asked  
Not to Eat Meat

WINDOW DISPLAYS ARE MADE

Merchants Aid Conservation Week  
Plans Exhibiting Wheat and  
Sugar Substitutes

Rushville people failed to observe to a very great extent "Meatless Tuesday," according to the word from local meat markets who say their sales today equalled any average day. The day was to have been inaugurated by local housewives as the first of the series of "Meatless Tuesdays" to have been observed during the war. It is hoped by those urging the Food Conservation cause that it will be observed almost exclusively when the public understands the purpose and importance of the step. Tomorrow is to be "Wheatless Wednesday" when the cooks are asked to do with as little wheat flour as possible. The grocers say already they notice the increase in the sale of cornmeal and substitutes for flour.

Displays in several of the store windows are very striking and bring out the need of the Allies as well as the duty of America to them. In the window at the Maury company, two dining tables are shown. One is laid for the American children with a bountiful breakfast while the table for the French children is almost bare. Cards show the need of Americans substituting for the products which can be shipped abroad.

Casady's Dry Goods Store window has a pig in a pen and nearby is a Food Conservation sign saying "If you are a pig, get over in the pen." The Callaghan Dry Goods Store shows a number of appetizing vegetables which might be eaten in abundance if we will "Save a Loaf of Bread." Knitting needles and yarn in another window suggest knitting to the women.

Guffin's Dry Goods store window is filled with vegetables which are supplied near here and which may be eaten without robbing the Allies, and yarn and needles in plenty with which the women should knit. Practically all of the groceries are showing in their windows, substitutes for sugar and wheat, with cards accompanying them suggesting how they may be used.

The Food Conservation cards were distributed again today in one of the down-town stores by a committee of girls and will be offered again tonight in the moving picture shows.

It is thought that very little trouble would be encountered in persuading women to sign the cards if they understood perfectly the meaning of Food Conservation. The plea is not for them to "skimp" and save any more, although they are asked to be economical; but to substitute the foods which may easily be substituted for the ones which the allies need badly now and the whole world will need in time, if America does not now aid in conserving the supply. No woman will be asked to leave home, or give up her canned goods or do anything else she doesn't want to do. When she signs a pledge card, she merely says "yes" when asked by Mr. Hoover if she will use food in such a way as to help win the war.

The foods that are particularly scarce and needed by the Allies are meat, wheat, sugar and animal fats. In place of wheat, people can use cornmeal, buckwheat, rolled oats. They can use Rye bread, corn bread, corn cakes, pancakes, oatmeal cookies, oatmeal muffins and rye rolls. Tomorrow is to be observed all over the country as "Wheatless Wednesday" beginning a movement for the day to be observed in that way until the end of the war. They are asked to prepare meals for that day, using as little flour as possible,

## HAS \$113,937.10 TO COLLECT

Treasurer's Office Must Get Average  
of \$18,989.50 Daily

With only six days, counting today, remaining until the close of the fall taxpaying season, the county treasurer's office has \$113,937.10 to collect in order to get all of the fall installment. This is an average of \$18,989.50 daily which must be paid. Collections yesterday amounted to \$9,353.73 and on Saturday they were \$14,121.74. Next Saturday and Monday will likely be the biggest days of the whole season.

## JURY HOLDS GEORGE PRICE IS NOT GUILTY

Reaches Decision in Wife Desertion  
Case in About an Hour—Wife  
Had Soldier Lover

CECIL DIVORCE SUIT TODAY

It required but a half hour for the jury to decide yesterday evening that George Price was not guilty of wife desertion. He was indicted by the grand jury and his case tried yesterday. It was developed in the evidence that his wife, the prosecuting witness, Tressie Price, had a soldier lover, James Alford, who is in Battery A, 139th Field Artillery, at Camp Shelby. It is reported Alford has married since going to Camp Shelby.

The divorce suit of Edna M. Cecil against Charles W. Cecil was heard by the court today. Mrs. Cecil also asks the custody of their child, Richard Cecil, who will be one year old next Sunday. The plaintiff attempted to prove that her husband has a violent temper and frequently became enraged and cursed her and her parents, with whom they lived. It is alleged by her that Cecil is lazy and would not work and support her and their child or provide a home for them.

## EXCHANGE CLOSES.

(By United Press.)  
Montreal, Oct. 30.—The Montreal stock exchange was closed for an hour today and it was generally rumored on the street that the closing was due to many brokers having been caught with heavy holdings on a declining market. The Toronto exchange also closed when news of the Montreal exchange closing reached there.

The I. M. C. Club of New Salem is giving a box social this evening at the school building and the entire proceeds will be given over to the Red Cross society.

## Americans Exchange Blow For Blow with the Boches

Infantrymen Stand Their Watches  
on Front Line And Take Turn  
in "No Man's Land"

FIRST "SAMMY" IS WOUNDED

By J. W. PEGLER  
(U. P. Staff Correspondent.)

With the American Army in France, Oct. 30.—Under terrible weather conditions the American army is exchanging blow for blow with the Boches, learning war by contact.

France today is a vast stretch of icy rivulets and mud bogs. Rain and snow are beating down day after day.

Through it all the "Sammies" are manning their guns, perfecting their marksmanship, shelling enemy positions, while he stands knee-deep in almost freezing water. The American infantry stands their watches on

His Forces.

KAISER GOING TO THE FRONT

Austria Forced to Promise Trieste to  
Huns as Price For Assistance  
in Drive.

(By United Press.)

London, Oct. 30.—Field Marshal Haig struck another powerful blow in Flanders today, steadily gaining ground. The blow was delivered direct at Roulers, the railroad center in the main line of communication between the Hindenburg line and German submarine bases.

(By United Press.)

Washington, Oct. 30.—The turning point in the great struggle between General Cadorna's Italian forces and the invading Teutons on the plains of northern Italy will come within a week, official Rome cables declared today. It will take Cadorna at least six or seven days to consolidate his forces. By that time heavy reinforcements from the allies both in men and munitions are expected to check the Huns to prevent organized preparation for a turn on the Teutons side, however, Von Mackensen is forcing his troops day and night. Kaiser Wilhelm is expected to join Emperor Karl at the front immediately to urge further haste. All dispatches indicate that Germany is playing her last trump card in an effort to force an end of the war through Italy.

It is officially declared here that political conditions in Italy are improving under the crisis. Prominent Italian newspapers are calm, the cables show.

By JOHN N. HURLEY  
(U. P. Staff Correspondent.)

Rome, Oct. 30.—All Italy is confident the military situation will clear in a satisfactory manner within the next two or three days. Complete confidence was expressed today in Gen. Cordona's plans which will take six or seven days to complete.

Austria has been forced to promise Trieste to Germany as the price for the Prussian aid in the drive, according to reliable information here.

"Our enemies are probably playing their last card," commented the newspaper Tribuna. "A battle which is developing may be decisively important for the whole Entente."

Berlin, London, Oct. 30.—Capture of Udine, principal city of the northern Italian plains, by the advancing Austro-German armies was formally announced in the official statement today.

the front line and take their regular turns at patrol into the deadly waste that is no-man's land. It is a desolate section where snowflakes or sheets of rain make it often impossible to see more than a few yards.

Nearly American engineers, constantly alert, clustered around a feeble fire in a half demolished farmhouse await hourly summons to repair trenches. Returning wet through and stupefied with exhaustion they throw themselves on the floor, wrap up in blankets and snatch a wink of sleep, mostly without a chance to remove their clothes.

A young lieutenant of South Bend, Ind., told with boyish enthusiasm how the first gun was fired. He interspersed his running narrative with command to his gunners working under ground.

**Food Conservation Week**

This week has been set aside by the food administration as Food Conservation Week.

The purpose of the campaign beginning this week is to get us to substitute foods that are plentiful for those that are scarce. We are asked especially to substitute for

**WHEAT, MEAT, SUGAR AND ANIMAL FATS**

Every home in Rush county should begin a system of substitution right now.

Also remember that every bit of food saved now will have its effect on shortening the war, so save as well as substitute.

We take pleasure in listing below a number of articles from our stock that will assist in making the wheatless, meatless and sugarless days easy to prepare for.

In place of wheat we suggest corn meal, oatmeal, hominy, rye, or buckwheat flour.

For meat you may use fish, poultry, sardines, salmon, nuts and eggs.

For sugar use molasses or honey. Eat dates, figs, raisins, peaches, prunes or apricots. Use jams, jellies, and preserves. Save sugar by all means.

In place of animal fats use Crisco, olive oil, corn oil, peanut butter and cheese.

Our window this week will be devoted to displays in keeping with the spirit of Conservation Week.

Indiana Farmers Meet at Purdue in Hog Production Conference Today

**EXPERTS ADVISE METHODS**

(By United Press.)

Lafayette, Oct. 30.—Leading farmers of Indiana met at Purdue university for the state's first hog production conference. The meeting was called at the suggestion of Secretary Houston of the United States department of agriculture, who has arranged a series of such conferences throughout the central states.

Experts from the federal government's department of animal industry told of plans for increasing the nation's output of pork and urged the farmers to do everything possible to aid.

L. E. Northup, state veterinarian, explained the organization of pig clubs in connection with banks in various parts of the state. These clubs have increased the number of hogs on many farms and improves the methods of feeding and breeding in many localities.

Floyd French, With 91st Aero Squadron, Signal Corps, Writes Address Is "A. E. F."

**WOULD LIKE "SAMMY BACKER"**

Floyd French of this city, who in the United States Signal Corps, 91st aero squadron, is probably now on his way to France because he has written here that his address is now "A. E. F.", meaning that he is or soon will be with the American expeditionary forces. He has been stationed for a few weeks at Hempstead, L. I.

He expresses a desire in his card for some "Sammy backer" to adopt him, but adds: "Still it is merely optional for I expect in the way of necessities, I am duly fortunate so far. The Red Cross gave us a sweater, helmet, wristlets, scarf and a pair of woolen socks (value 60 cents). Some kind lady from Flushing, L. I. sent me a box of cakes and biscuits with a glass of jelly. I suppose that the Red Cross of Rushville is overworked. The Y. M. C. A. certainly furnishes a home for us fellows."

**THEY HAVE OTHER BURDENS TO BEAR**

War Tax on Admissions is Not Only One Motion Picture Theater Owners Have to Pay

**TAX EACH FOOT OF PICTURE**

While motion picture houses in other cities are raising their prices on account of the increased burdens placed on them by the new war tax which becomes effective Thursday, the Princess and Gem theaters here will charge only the ten per cent tax on admissions which is levied by the law.

The theaters will experiment with this to determine whether they can bear the other additional expense which the law puts on the owners of amusement houses. The tax levies a tax of a quarter of a cent a foot on motion pictures which has to be paid by the exhibition. This amounts to about fifteen cents a reel, or seventy-five cents a day if a five-reel picture is shown. In addition the two theaters have to employ a ticket-taker, which is an additional expense. A ticket-taker is required so the government will have a means of checking the owners up on their admission tax.

**Know The Grim Truth**

All the blood; all the heroism; all the money, and all the munitions in the world will not win this war unless our allies and the people behind them are fed.

They will not be fed and our sacrifice of blood and money will be in vain and a great cause will sustain a great injury unless each one in his home each day stands guard over the nation's supply of wheat, meat, fats and sugar.

**Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water**

Says an inside bath, before breakfast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anaemic-looking men, women and girls, with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening, and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood while the pores in the thirty feet of bowels do.

## The American Flag and What It Means to You

This contest is open to every student in this city and vicinity. One Gold Medal has been assigned to each grade in the school from the First Grade through the High School to be won by a student in that Grade.

Booklet containing the History of the American Flag from its inception to the present time and notable instances regarding it are being distributed free by the Rush County National Bank. All rules governing the Contest are printed on the Booklets. The Medals are on display at the bank. Come, see the medals and get a booklet.

We are also giving Two Special Medals for the best pen drawing of the American Flag and would like to have every student in our schools compete.

## MUSICAL CLUBS ARE GETTING UNDER WAY

With Two Concerts Planned, High School Students Are Practicing Diligently

### GLEE CLUBS AND ORCHESTRA

Already, three musical organizations have been started in the local high school and are meeting weekly for practices. Sixteen young men are in the Boys Glee Club, twenty-one girls are in the Girls Glee Club and the orchestra is composed of

thirteen young musicians. In order to become a member of any of the clubs, it was necessary to "try out" and successfully pass the test given by C. E. Parke, musical director, who has all three organizations in charge. With two concerts to be given in which each one will take part, the young people are practicing vigorously at each of their weekly practices. The dates for the concerts have not been set.

No one factor in the high school last year added more spirit to the school or received higher praise

In preparation for Hallowe'en the city will have some plain clothes extra policemen on duty, as has been the custom in past years, to watch for vandals bent on destroying property. The damage to property has not been so great in past years, but the city officials are determined there shall be none if they can prevent. In view of the fact that there are always some false fire alarms on Hallowe'en night, the city fire department is expecting to make its first run with the new chemical truck which arrived last Saturday.

### Red Blooded People Live The Longest

Red blooded people retain their youth and vigor until late in life because red blood ages slowly.

A child with impure blood seems old, while an old man with pure red ironized blood seems young.

Impure blood clogs the system with waste matters, rapidly aging body, mind and spirit.

Pure blood is red blood, rich in iron and phosphates with power to rid itself of waste matter and able to carry life giving oxygen to every cell and nerve. It makes both young and old, bright, happy, keen and interested in life. This is the blood you need, every day of your life, the rich red blood made by pure food, fresh air, restful sleep and "Phosphated Iron from the red blood and nerve builder."

Phosphated Iron enriches your blood and nerves putting them in shape for work. Improves your color, increases your appetite and gives you strength, vigor and power to enjoy both work and pleasure, makes you feel like doing things once more.

Phosphate Iron is prescribed by leading doctors for all who are worn out, run down, nervous, weak and thin blooded people in all walks of life, they have learned to depend on it for honest results.

Special Notice—To insure physicians and their patients receiving the genuine Phosphated Iron, we have put in capsules only, so do not allow dealers to substitute pill or tablets, insist on the genuine, in capsules only. Pitman & Wilson and leading druggists everywhere. Rushville, Ind.—(Adv.)

#### Duties Versus Privileges

When the present conflict burst upon the world, humanity—democratic humanity—was asleep. It was a sleep that had lasted since Washington and his ragamuffin army had first "made the world safe for democracy." His work had been done, and well-done, and Americans had for more than a century been living under the delusions that there was nothing more to do in the cause of human freedom.

From the establishment of this republic, orators and writers have never tired of ringing the changes on the glorious privileges of American citizenship. They are instilled into use from the kindergarten to the college. They are the daily pabulum upon which our Americanism is nourished.

The world cataclysm found us making a fetish of our "rights" and "privileges." We were extremely jealous of them, and resented any infringement of them with the fierceness of a brooding hen. We were proud of them, and flaunted them in the face of our less fortunate neighbors across the water.

But one thing we had forgotten, namely, that someone had paid a price for these priceless blessings of liberty; somebody had purchased them, and we were not that somebody of sombodies. They had been purchased by blood, but as we had not shed that blood, we had never fully appreciated the value of the purchase.

And we are only just beginning to grasp the fact that our revolutionary sires, when they had marched through blood to the goal of their inspiration, bequeathed to us, their descendants, not only the glorious blessing of liberty, but by the side of it and hand in hand with it, the duty of preserving it in its purity as received. That duty has never been lifted from our shoulders, and never will be, unless we shall so far fall short as to cease to value the fruits of the sacrifices so cheerfully made by those old heroes of the long ago.

This duty is looming larger and larger, clearer and clearer, as the days go by. We are beginning to recognize the eternal truth that if all would joy, all must serve. You and I—should either be favored at the expense of the other? Your boy and my boy—have not both been the recipients of the same protection and fostering care, and shall my son refuse to make the sacrifice while your son bares his breast to the storm?

There is a theory that gold, that most precious of metals, was at one time deep hidden in the center of this globe, but that the violent internal convulsions to which the old

ball has been subjected have thrown it to the surface. If the present social convulsion shall be the means of bringing to the surface of human character the pure gold of sacrifice and an appreciation of the duty of the individual to society, great good will come of the trials we are called upon to endure.

#### Why the Food Pledge Card?

A great many people do not see any use in signing the Hoover food pledge card—almost a million of which the food administration hopes to have signed in Indiana by November 4.

It is simply a free and easy way of accomplishing something in a free and democratic country that has been accomplished in autocratic countries by stern food laws. Herbert Hoover believes that even better results can be obtained if people are persuaded to eat less of certain foods which are scarce and more of certain foods which are plentiful if they are persuaded to do so from a patriotic motive than if they are told flatly at the start that they must do so and so. He has seen the effects of food dictatorship in Europe and does not think is applicable to America.

So sign the food pledge without a bit of hesitancy. It indicates to Mr. Hoover that you will study the food problem and do all you can to help. He has asked us if we will try to get along with less wheat, pork, mutton, sugar and fats, and has given us the pledge cards on which we can all write a loud and unanimous "Yes!"

We are only beginning to understand why Bernstorff shed tears on being dismissed from this country. The field for his peculiar brand of diplomacy was so rich.

Canton, Ohio, is stirred over the disappearance of a candidate for mayor. The strange feature of the case is that he disappeared before the election.

After President Wilson gets through making the world safe for democracy, will come the real tug of war for possession of the offices.

(By United Press.)

Indianapolis, Oct. 30—Eight hundred delegates were here today to attend the convention of the United Brethren church of Indiana. Ministers, district superintendents and delegates elected from every church are in attendance. It is the largest gathering of the United Brethren church ever held in the state.

The congress was called to outline a program for the church for the next four years. Plans will be made for work in fields of education, evangelism, church extension and other departments.

Arrangements will be made to improve Indiana Central university at University Heights.

## SEES NO EXCUSE FOR SOUR BREAD

State Food Commissioner Says It Can be Avoided By Using Pure Ingredients

"BAD" BREAD IS A WASTE

Housewives Who Make Baking Which Is Not Satisfactory Should Revise Methods

(By United Press.)

Indianapolis, Oct. 30.—"There is no excuse in the world for sour bread. It can always be avoided by using pure, clean ingredients and clean utensils," said H. E. Barnard, state food commissioner today. His statement follows:

"Every loaf of bread that goes 'bad' in the bread box reduces the food supply. It is a definite waste shops frequently become infected with bacteria which produce a dark, sticky and foul smelling bread. Occasionally the home bread baker meets with the same trouble. The bacteria which produce this condition are hard to kill. They are not destroyed in the oven. They can only be driven out by keeping the bakeshop or the kitchen absolutely clean. Like most other bacterial troubles, sanitary surroundings are the best preventative. The growth of the bacteria in the bread may be prevented by using sour milk instead of water in mixing the dough, or by adding a little less than one and one-half tablespoonful of vinegar to a quart of flour. The vinegar may be added directly to the sponge in mixing and the bread made in this way is not appreciably different from other bread. After the bread is baked, keeping it below 68 degrees Fahrenheit will aid in perfecting the growth of these bacteria.

"Other 'bad' bread has a sour smell and taste. The crust is grey without gloss of brightness but smooth and dull in appearance. The crust is usually shrunken, with putty-like edges and the crumb is usually of poor texture. Sour bread is due to bacterial infection which may come from impure yeast or the use of unclean dishes. It may also be produced by too high a temperature during the rising of the dough, or by allowing fermentation to run too long before kneading. There is no reason whatever for having sour bread. It can always be avoided by using pure, clean ingredients and clean utensils and keeping the temperature from getting too high and the fermentation from proceeding too long.

"If you occasionally make a baking of bread which does not satisfy you and some of which is almost sure to waste, revise your methods of work and eliminate the waste. It is just as unpatriotic to allow bread to waste by disease as it is to throw it away in the form of uneaten crusts."

## WHITECAPPERS TO DOLE OUT PUNISHMENT

Secret Organization Which Whipped Herbert Bigelow Has Two Prospective Victims

NAMES GIVEN TO BIGELOW

(By United Press.)

Cincinnati, O., Oct. 30.—Seven leaders of the whitecap organization which kidnapped and whipped Herbert Bigelow, pacifist, met last night in Covington, Ky., to make plans for future action and to review events of Sunday night, it was learned today.

Two more men are on their list as prospective victims. The names of the men were given to Bigelow by the whitecaps after they had whipped him.

Forty per cent of the 800 members of the secret organization which is pledged to punish all men whom are suspected of disloyalty and whom the law can not reach, live in Cincinnati.

The remaining sixty per cent live in Newport and Covington, Ky. The members are said to be men of substance and standing in their communities.

Friends of Bigelow hope to break into the oath-bound circle with promises of reward.

## SEASON WILL GET START TOMORROW

Rushville High School Basketball Team Will Meet Morristown On Local Floor

DIPHTHERIA IS RESPONSIBLE

First Game Scheduled Two Weeks Ago, But Had to be Postponed Due to Epidemic

The high school basketball season will get under way tomorrow night when the Rushville quintet will meet the Morristown high school five on the local floor.

The opening of the season has been held up for two weeks on account of the diphtheria epidemic. The first game was scheduled for Friday, October 19 with New Palestine, but had to be postponed on account of the quarantine.

Although getting a late start, the Rushville team has prospects of a good season. The quintet is working good in spite of the fact that three or four good men of last year's team have been lost. Games have been scheduled with such teams as Newcastle, Richmond, Bloomington, Shelbyville, Connersville, Greensburg and Liberty. The complete schedule follows:

Oct. 26—Rushville vs. Milroy at Rushville.  
Nov. 2—Open.  
Nov. 9—Rushville vs. Connersville

at Rushville.  
No. 16—Open.  
Nov. 23—Rushville vs. Greencastle at Greencastle.  
Nov. 30—Rushville vs. Shelbyville at Shelbyville.  
Dec. 7—Rushville vs. Milroy at Milroy.

Dec. 15—Rushville vs. Bloomington at Rushville.  
Dec. 21—Rushville vs. Liberty at Liberty.  
Jan. 4—Rushville vs. Shelbyville at Shelbyville.  
Jan. 11—Rushville vs. Newcastle at Newcastle.

Jan. 16—Rushville vs. Greensburg at Greensburg.

## Sign Your Country's Food Pledge—This Is It:

CUT OUT CAREFULLY ALONG THIS LINE

### Pledge Card for United States Food Administration

If You Have Already Signed, Pass This On To a Friend

TO THE FOOD ADMINISTRATOR:

I am glad to join you in the service of food conservation for our nation and I hereby accept membership in the United States Food Administration, pledging myself to carry out the directions and advice of the Food Administrator in my home, in so far as my circumstances permit.

Name \_\_\_\_\_

Street \_\_\_\_\_

City \_\_\_\_\_

State \_\_\_\_\_

There are no fees or dues to be paid. The Food Administration wishes to have as members all of those actually handling food in the home.

Anyone may have the Home Card of Instruction, but only those signing pledges are entitled to the Membership Window Card, which will be delivered upon receipt of the signed pledge.

Cut this out carefully and send it to the Federal Food Administrator, Room 20, State House, Indianapolis, Indiana.

Do not send it to Washington. Send it to Indianapolis.

This is the same as the pledge card, and just as official. Do not sign this if you have signed a pledge card. Do not sign a pledge card if you sign this.

When you send this in, with your name and address, you will be sent free: (1) a handsome three-colored window membership card to show that

you are trying to live up to the suggestions of the food administration at your house; (2) an interesting and valuable book of suggestions and recipes, entitled "Ten Lessons on Food Conservation"; (3) a wall card to hang in your kitchen, entitled "The Kitchen War Creed," to show you how you can help win the war in your own kitchen if you wish.

And the food administration will mail you other helpful things later, perhaps.

To sign this card is a patriotic privilege. It will make you a leader

in your neighborhood in the task of saving certain foods for our soldiers and our allies.

Sign this card. Show Mr. Hoover you are with him. Hang out your window membership card when it comes. Read the interesting literature that will be sent you.

The government is not going to ask for your canned goods or for anything else, because you sign this card. You incur no obligations. You merely promise to study the problem of "food saving to win the war" and do what you can to help.

Edited by Miss Katherine Hitt.

An educational as well as intensely interesting program was given at the meeting of the Ladies Musicales held in the assembly room of the court house yesterday afternoon when Miss Jennie Madden dealt with "Italian Music" in her illustrated paper. Beginning with the early church music and commenting on the oratorio, she brought the music of Italy up to the present day. The story of a number of operas was told and the conditions under which they were written. Each piece of music she dealt with was illustrated by playing it upon the Edison. The program of numbers played on the instrument follows:

- Gloria
- Inflammatus by Rosini.
- Roon for the Factotum by Rosini.
- Senaramide by Rosini.
- Dearest Knave, Miserere, and Farewell, Oh Earth, by Verdi.
- Intermezzo Cavalliere by Mascagni.
- Thou Sweetest Maiden, The Stars Were Shining and One Day He'll Come, by Puccini.
- The Bird Song by Tetrazzina.
- Lucia Sextette by Donzitti.

During the business session following the program, twenty new members were voted into the Musicales. The next program in two weeks will be in charge of Mrs. F. H. Wolcott and Miss Alice Norris and will be composed of "Patriotic Music."

The regular monthly meeting of the C. W. B. M. of the Main Street Christian church will be held in the church on Thursday of this week. The meetings for the entire winter have been changed from Wednesday to Thursday for two reasons; the church will be heated for prayer meeting on Thursday and the women of the Aid society of the church sew for Red Cross on Wednesday afternoon of each week.

An excellent program is planned for the meeting this week. Mrs. Roscoe Ward will have charge of the Bible Study; Mrs. G. P. McCarty will give a book review; Miss Wanda Wyatt and Mrs. Earl Moore are to sing a duet; and Mrs. Mary Brown will conduct the period given over to "Hidden Answers." The ladies of the November division are to be hostesses.

Mr. and Mrs. Jess Rees entertained a number of friends at a three course dinner at their country home near Gings when their guests were Mr. and Mrs. D. P. Rea, Mr. and Mrs. John Stevens, Mr. and Mrs. Frank McCrory and daughters, Frances and Helen, Mr. and Mrs. W. R. Martin and daughter Ruth, Mr. and Mrs. Vern Smith and daughter, Lillie and son Ray, Mr. and Mrs. Fred Martin and daughter, Janet, Mrs. Lizzie Morris and Miss Delphine Rees. The center of the prettily laid

- Happy-Go-Lucky Club, with Mrs. Bert Norris at noon at home northeast of city.
- Hallowe'en party with Mrs. Ben Humes and Mrs. Louis Mauzy at 720 North Harrison street in the afternoon.
- Juanita Club, with Mrs. Luther Sharp in West First street in the afternoon. Assisting hostess, Mrs. Elizabeth Trennepohl.
- Hallowe'en Party for Wednesday Afternoon Club and families, with Mr. and Mrs. Sam Innis at 639 North Perkins street in the evening.
- Informal party, honoring Miss Erema Wilk, with Mrs. Donald Smith at 820 North Harrison street in the evening.

table was adorned with chrysanthemums. The affair was given Sunday.

Invitations are out for the reception to be given by Mr. and Mrs. B. F. Miller at their home at 501 North Morgan street on Friday evening November 9, honoring their son, Eugene Carlyle Miller and his bride, who was Miss Marguerite Frenzel of Indianapolis. The hours of the affair are from 8 until 9:30 and from 9:30 until 11. Preceding the reception, the out-of-town guests will be entertained at dinner. At present, Mr. Miller and his bride are on their honeymoon in the east.

The plan made by the Coterie Club for the winter is to have one of their monthly meetings at Red Cross headquarters where they will work in the surgical dressing class and the other monthly meeting is to be a regular meeting. Yesterday, the ladies were to have worked at the Red Cross headquarters but the bandage class had not yet opened. In two weeks from yesterday, the club will meet with Mrs. VanOsdel and Mrs. Barrett as hostesses.

Two out-of-town guests were present at the pleasant meeting of the Five Hundred Club held with Mrs. J. C. Sexton at her home in North Main street yesterday afternoon. The guests were Mrs. D. C. Green of Arkansas and Mrs. Hadley of Anderson, the guest of Mrs. Theodore Reed. Following the card games, the hostess served dainty refreshments. Mrs. Frank Wilson will entertain the club in two weeks.

"Carlyle was the greatest writer of the Victorian period" declared Prof. William E. Jenkins last evening at the first of his series of lectures to be given here this winter for the Shakespeare Club on Victorian writers. "He can neither be called an essayist or novelist, for his works are equally good. We will call him simply a writer." Within himself there were three things that Carlyle believed in, according to Prof. Jenkins. They were God, freedom and immortality. He wrote about the men that did things, such as Cromwell and Napoleon. These men were mentioned in connection with his comments on Carlyle's book, "Heroes and Hero Worship." In speaking of the book "Frederick the Great," Prof. Jenkins told of the will that Frederick had left to the Hohenzollerns, causing the war of today. The will told the family to keep up the army of Germany, to remain on friendly relations with the neighboring nations and to spring on them when they least expected it. He said, too, that England could never understand France; or France, England; but that America was enough like the two to act as a go-between and be the interpreter for France and England.

Like all of Prof. Jenkins talks, this one was intensely interesting.

On Wednesday evening, November 7, the Rev. and Mrs. Clyde S. Black, the new minister, and his wife, of the Methodist church will be honored with a reception in the parlors of the church. The pastors of all churches the members of the congregation and all of the friends of the church or those interested are invited to attend. The ladies of the church are giving the reception.

Mr. and Mrs. Fent Johning entertained at dinner Sunday at their home in West Fifth street. Covers were laid for Mr. T. J. Holmes, Mr. and Mrs. Perry Young, Mr. and Mrs. Malcolm Holmes, Mrs. Elizabeth Rankin, Miss Leona, Otis, Rolla and Russell Rankin, Mrs. Laura Newbro, Harry Myers and Tom Naden of this city.

The Donnan Class will meet on Saturday afternoon at 2:30 o'clock with Mrs. Sam Innis at her home in North Perkins street. The meeting has been changed. Originally it was planned to have the meeting this evening at the home of Mrs. F. G. Hackleman.

The C. W. B. M. of the Little Flat-rock Christian church will meet on Thursday afternoon at the home of Miss Ida Stevens. The meeting will begin at 2:00 p. m. Each lady attending is asked to bring one can of fruit which will be sent to the College of Missions.

The members of the Wednesday Afternoon club, instead of their regular meeting tomorrow, are entertaining the members of their families with a Hallowe'en party at the home of Mr. and Mrs. Sam Innis tomorrow evening.

A number of young people from this city are planning to attend the masquerade dance to be given in Connersville tomorrow evening in the Bush Hall. It is to be a Hallowe'en affair.

The Elks open their social season for the winter on Thursday evening of this week with a dance to be given in their club room. A three piece orchestra is to play for the party.

Clever Hallowe'en invitations have been issued by Mrs. Louis Mauzy and Mrs. Ben Humes for the card party to be given on Hallowe'en afternoon at the home of the former.

Miss Grace Buell will be hostess to the members of the Friday Afternoon Embroidery Club at her country home near the city on Friday afternoon of this week.

The Band of Workers of the First Presbyterian church will meet with Mrs. Revilo Ferguson at her home in North Harrison street Wednesday afternoon at 2 o'clock.

## Aeolian-Vocalion?

It lends to your home the very atmosphere of the ball room. It is never noisy or strident—yet possesses almost the carrying power and tone depth of the orchestra itself. Whether the number be a jolly syncopated one-step, the merry lilt of a fox-trot or a dream laden waltz melody, the fine musical quality, together with the buoyant well marked rhythm of it all, makes dance music on the vocalion entirely irresistible.

## "Have You Ever Played the Vocalion With the Graduola?"

THIS means that you may enjoy the Vocalion as a musician as well as a listener. It means that the Aeolian Vocalion will live after many productive instruments have been forgotten—for the graduola affords a means of personal expression in music—and this power no other Phonograph possesses.

### AEOLIAN VOCALION PRICES

Non-Graduola styles from \$35; Graduola Styles from \$100 to \$350. Moderate Terms

## COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

## STATE RED CROSS WORKERS MEETING

James R. Garfield to Deliver Address This Evening—War Workers to Speak.

### FIRST OF KIND EVER HELD

(By United Press.)

Indianapolis, Oct. 30.—Delegates from all Indiana Red Cross chapters attended a meeting at the Claypool hotel today to discuss war work. This is the first general session of the Indiana Red Cross held since the United States entered the war.

James R. Garfield, manager of the Lake division who presided over the sessions, will deliver an address tonight, telling of the work already accomplished.

James L. Fieser, director of the bureau of civilian relief of the division and Miss Mary Roberts, director of the bureau of nursing, spoke at the morning session.

Charles Edward Russell, writer and lecturer, who went to Russia with the American commission headed by Elihu Root, was also scheduled for an address.

### Shortage of French Harps Concertinas and Accordians

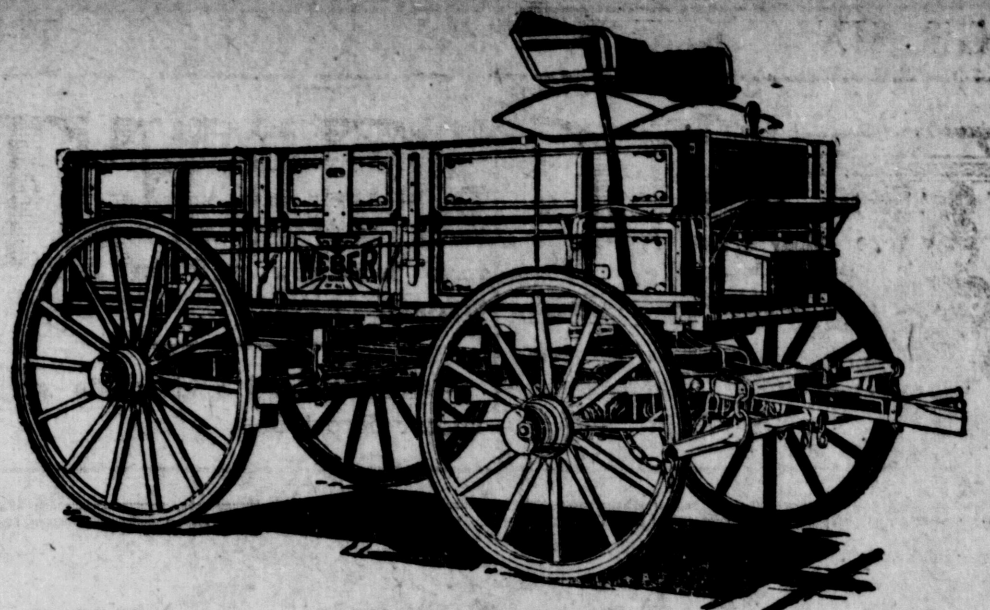

There are to be no more french harps, accordians, or concertinas on the market for a time at least. The only factory in the world making these musical instruments was that owned by M. Hohner in Germany. The Japanese who are wonderful imitators are now trying to duplicate these instruments and will probably succeed in time. Local stores have tried a number of places in this country to fill the orders that have been placed with them, but have failed.

Greensburg—Mrs. John W. Burney has solved the problem of the cutting down the high cost of butter. Every three or four weeks she receives five pounds from a relative in Montana. The postage amounts to about forty cents. Good butter here costs about fifty cents a pound.

## Come In and See the Weber Here Are More Big Points

YOU will be interested in looking over the hound, hub, skein and skein box construction. On the Weber the hounds are of straight-grained oak; on the front gear they are of the same type, wide and roomy in the rear, to give the reach ample support in turning short. They are mortised and well braced with solidly welded steel. Hubs are of white oak only, turned, shaped and bored accurately for the skein boxes. Skein box is made so that a grease chamber is formed. A solid collar keeps the oil away from the wood of the hubs. Mud and sand cannot get into the axle and the skeins cannot wear into the skein boxes. That means long life and good service. These are all reasons why you should have a Weber wagon—that is—if you want a wagon for real work. Come in and let us show you.

# FIRST MEATLESS TUESDAY

Indianapolis Observes Day and Will Have "Wheatless Wednesday"

(By United Press.)  
Indianapolis, Ind., Oct. 30.—This city's first meatless Tuesday was observed in restaurants and homes today.

Wheatless Wednesday is on the program for tomorrow.  
No wheat bread will be served at dinner, on any day.

Food authorities have threatened to close the butcher shops one day each week unless the meatless day is observed generally.

## Amusements

Kathlyn Williams and Theodore Roberts will divide honors in "The Cost of Hatred," at the Princess tonight. The life-long search of a domineering personality to get revenge provides a drama of unusual quality with many thrilling moments. Tears and laughter abound in the picture for tomorrow night, "The End of the Tour," in which Lionel Barrymore is featured. The usual Pathe News will be shown. Earl Williams and Dorothy Kelly will be seen in "The Maelstrom," Thursday evening.

Another chapter of the serial, "The Neglected Wife," will be shown at the Gersh theater tonight. In this picture the wife learns who "the other woman" is. Lonesome Luke will appear in a cartoon comedy, "Stop, Look, Listen." Tomorrow night Jackie Saunders will appear in "Betty Be Good."

## SONGS OF THE SAMMIES

Paris, Oct. 10 (By Mail)—If Sammy, after tiring weeks of heavy training or weeks in the trenches, could step, bag and baggage, into the lobby of some of America's finest hotels he could be no better satisfied than with what awaits him at 38 Rue de L'Echiquier, Paris.

It is the new Y. M. C. A. hotel just opened, where the toughest, grimmest Sammy will be just as welcome as the slick, well groomed officer.

Beginning in the elaborately furnished lobby with its palms and marble, the soldier can throw his kit bag, gas mask and other impedimenta, on the mosaic floor and let George do it. George, a smartly brass buttoned bell hop will shoulder the load while Sammy picks out his room. This room has a real luxurious carpet on the floor, running hot and cold water, a beautiful brass bed and all the modern knick-knacks. There are enough rooms for 400 Sammies and they cost from thirty cents up.

After he has tidied up, Sammy can saunter into a beautiful breakfast room in which the most fastidious traveler could find nothing to growl about. This breakfast room is perfect. The musical tinkle from an ever running fountain gives a restful atmosphere. For all this and for a meal of bread and butter, jam, coffee, eggs in abundance and ham or steak if wanted, Sammy pays from thirty to sixty cents.

## To the Voters of Rushville City:

As a majority of the present City Council is again asking for your support, we would set out a few of the things that the administration has accomplished.

When we took office on Jan. 4, 1914, there were \$2,721.43 turned over to the present City Treasurer from the former Treasurer. We found an indebtedness of over \$20,000.00 in money borrowed from the banks and in old claims turned over to us. Money borrowed from the banks was bearing 6% interest on notes. We refunded that debt by issuing bonds at 4%. There were also a number of law suits pending against the City, which we have gotten out of the way.

We found the water supply insufficient, but we have been able to keep a good water pressure at all times. We have the water and light plant on a paying basis, having a surplus at this time of over \$8,000.00. We have refunded water meter deposits and put in new water meters to the amount of over \$12,500.00.

We have paid all maturing bonds, with interest, amounting to over \$19,000.00. We have reduced the tax levy 10c, making our tax levy for the coming year \$1.05, and, if the candidates on the Republican ticket are elected, we believe that the taxes can be further reduced the coming year, as we now have on hands over \$21,000.00 in cash, none of the December draw being touched and all current bills paid.

We have made street and alley improvements and feel that the streets in the city have been well cared for.

We are also paying \$40.00 a month for the visiting nurse, a thing that had never been done before.

As all of the candidates on the Republican ticket are careful and conservative business men, we guarantee that if you will elect the ticket, we will continue the good service that the past administration has given. If this merits your support, we would be very glad to have it.

## MRS. KIPLINGER BARELY ESCAPES

Leaves Husband's Tent at Camp  
Shelby Ten Seconds Before it  
is Struck by Missile

### STUMP, IS HURLED 200 FEET

Falls Through Top of Capt. Kiplinger's Tent, Demolishing  
Desk and Typewriter

(Special to the Daily Republican.)

Camp Shelby, Miss., Oct. 30.—Mrs. John H. Kiplinger of Rushville, Indiana, wife of Captain Kiplinger of the Headquarters company, 139th Field Artillery, narrowly escaped serious injury or perhaps death Saturday afternoon when a section of a dynamited stump was hurled two hundred feet through the air into her husband's tent.

Mrs. Kiplinger had left the tent less than ten seconds before the accident occurred. The missile tore a hole four feet in diameter in the roof of the tent and struck the captain's desk, demolishing it and wrecking a typewriter. Too heavy a charge of dynamite is held to be responsible for the accident.

Mrs. Kiplinger and her two sons, Jules and Jean, had taken advantage of the half holiday and were visiting the captain at the time.

The soldiers of Camp Shelby turned out en masse Saturday to do honor to Ruth Law, daring aviator who made two exhibition flights. Followed by the eyes of two thousand men, including General Lewis and his staff, Miss Law ascended in her Curtiss bi-plane to a height of fifteen hundred feet and looped the loop, performed figure eights and several other varieties of death-defying stunts.

While aloft the aviatrix dropped "bombs," consisting of her picture and a word of appreciation to the soldiers of the camp, upon the crowd below. After landing Miss Law made a short speech congratulating the men of Camp Shelby for their generous subscription to the Liberty Loan.

Camp Shelby subscribed to more Liberty Bonds than any other national guard or national army camp in the country.

The funeral services of Mrs. Goldie Parker were conducted this afternoon at the Raleigh Christian church, with the Rev. G. F. Powers conducting the services.

## CAUSES WIRELESS TO BE DISMANTLED

County Council of Defense Finds  
One up in This County in Violation of Federal Order

### SHERIFF CONFISCATES IT

The vigilance with which the County Council of Defense is looking after the interests of the government is disclosed by the fact that an amateur wireless station was discovered in this county not long ago; was reported to the federal authorities and was later dismantled by Sheriff Cavitt on orders from L. E. Slack, United States district attorney for Indiana.

The station was discovered by a member of the County Council of Defense and immediately reported because the government ordered at the very outset of the war that all wireless apparatus except that used in official government business be dismantled so that it could not be used.

The farmers sons who had the station in question probably thought they had obeyed the orders of the government order by disconnecting the wires, but to dismantle a station the government means that all the apparatus shall be taken down, because wires can very easily be connected and the station put in operation. Sheriff Cavitt confiscated the instruments of this station and had the poles and wires taken down.

## MANY TONS COAL ARE BEING STOLEN

Fuel Is Taken Before Dealers Have  
A Chance to Unload It—One Car  
23 Tons Short

### SITUATION WILL IMPROVE

Although Shortage Exists, Township  
Trustee Has Had No Appeals  
For Help

### TO AID FUEL ADMINISTRATOR

(By United Press.)

Indianapolis, Ind., Oct. 30.—Alexander Holliday, formerly general manager of the Noblesville, Ind. Light and Heat company was today named assistant to federal fuel administrator for Indiana, Evans Woolen. Fifty-four cars of coal were ordered sent to various cities.

### MANY SUFFER FROM COLD

Chicago, Oct. 30.—Thousands of persons in the middle-west were actually suffering from the coal today as a result of the general coal shortage. Dealers declared the condition is critical and that only prompt action can prevent grave results.

Every carload of coal received by local coal yards weighs several tons short because of the fact that coal is stolen from the supply every night before it is unloaded. Some is also stolen on the way before the car reaches here. One coal dealer stated today that one carload was 23 tons short when he received it. That amount is almost half of what the car originally contained. He stated that every car was from three to five tons short. Another dealer missed seven tons from a carload received recently.

Watches are to be provided by all dealers, who have not already done so, to prevent this decrease in the supply. The dealers can not, as it is, supply the demand and with such amount taken from every carload, the dealers find it all more difficult to fill the orders. Aside from the inconvenience to the public it is a great financial loss to the dealers.

With the sudden drop in temperature last night, the coal shortage was felt more this morning than it has been. Although one dealer had two car loads and another a full car load and a few tons left from another car, consumers who did not have their orders placed in advance stood little show in getting any fuel.

All coal dealers have orders on their books which can not be filled. One has a sign on his door announcing that all the coal he has is sold. They are expecting, however, that Virginia coal will move much faster now than it has previous to this time because shipments are now being made down the Ohio river to the Cincinnati market.

Any assistance that may be expected from a county fuel administrator here is negligible as yet because the recommendation of S. L. Trahne for the appointment has not been acted on. Once he is appointed it will be his first duty, according to an announcement from the office of the state fuel administrator to gather information regarding the supply of coal in the county; also to ascertain the needs as regards fuel. If the stage is reached where there is absolute distress for the want of fuel, the county administrator can call on the state fuel administrator for relief, which it is presumed will be granted, as relief shipments have been ordered to a number of cities by the state administrator.

The mercury dropped over thirty degrees late yesterday afternoon and last night proved to be the coldest of the winter. In spite of this fact and the additional fact that there is a fuel shortage, J. V. Young, township trustee, said this morning

## MEATLESS DAY NOT WIDELY OBSERVED

Dealers Say Sales Equal Average  
Day Though People Were Asked  
Not to Eat Meat

### WINDOW DISPLAYS ARE MADE

Merchants Aid Conservation Week  
Plans Exhibiting Wheat and  
Sugar Substitutes

Rushville people failed to observe to a very great extent "Meatless Tuesday," according to the word from local meat markets who say their sales today equalled any average day. The day was to have been inaugurated by local housewives as the first of the series of "Meatless Tuesdays" to have been observed during the war. It is hoped by those urging the Food Conservation cause that it will be observed almost exclusively when the public understands the purpose and importance of the step. Tomorrow is to be "Wheatless Wednesday" when the cooks are asked to do with as little wheat flour as possible. The grocers say already they notice the increase in the sale of cornmeal and substitutes for flour.

Displays in several of the store windows are very striking and bring out the need of the Allies as well as the duty of America to them. In the window at the Maury company, two dining tables are shown. One is laid for the American children with a beautiful breakfast while the table for the French children is almost bare. Cards show the need of Americans substituting for the products which can be shipped abroad.

Casady's Dry Goods Store window has a pig in a pen and nearby is a Food Conservation sign saying "If you are a pig, get over in the pen." The Callaghan Dry Goods Store shows a number of appetizing vegetables which might be eaten in abundance if we will "Save a Loaf of Bread." Knitting needles and yarn in another window suggest knitting to the women.

Guffin's Dry Goods store window is filled with vegetables which are supplied near here and which may be eaten without robbing the Allies, and yarn and needles in plenty with which the women should knit. Practically all of the groceries are showing in their windows, substitutes for sugar and wheat, with cards accompanying them suggesting how they may be used.

The Food Conservation cards were distributed again today in one of the downtown stores by a committee of girls and will be offered again tonight in the moving picture shows.

It is thought that very little trouble would be encountered in persuading women to sign the cards if they understood perfectly the meaning of Food Conservation. The plea is not for them to "skimp" and save any more, although they are asked to be economical; but to substitute the foods which may easily be substituted for the ones which the allies need badly now and the whole world will need in time, if America does not now aid in conserving the supply. No woman will be asked to leave home, or give up her canned goods or do anything else she doesn't want to do. When she signs a pledge card, she merely says "yes" when asked by Mr. Hoover if she will use food in such a way as to help win the war.

The foods that are particularly scarce and needed by the Allies are meat, wheat, sugar and animal fats. In place of wheat, people can use cornmeal, buckwheat, rolled oats. They can use Rye bread, corn bread, corn cakes, pancakes, oatmeal cookies, oatmeal muffins and rye rolls. Tomorrow is to be observed all over the country as "Wheatless Wednesday" beginning a movement for the day to be observed in that way until the end of the war. They are asked to prepare meals for that day, using as little flour as possible, can infantry stands their watches on

With only six days, counting today, remaining until the close of the fall taxpaying season, the county treasurer's office has \$113,937.10 to collect in order to get all of the fall installment. This is an average of \$18,989.50 daily which must be paid. Collections yesterday amounted to \$9,353.73 and on Saturday they were \$14,121.74. Next Saturday and Monday will likely be the biggest days of the whole season.

## JURY HOLDS GEORGE PRICE IS NOT GUILTY

Reaches Decision in Wife Desertion  
Case in About an Hour—Wife  
Had Soldier Lover

### CECIL DIVORCE SUIT TODAY

It required but a half hour for the jury to decide yesterday evening that George Price was not guilty of wife desertion. He was indicted by the grand jury and his case tried yesterday. It was developed in the evidence that his wife, the prosecuting witness, Tressie Price, had a soldier lover, James Alford, who is in Battery A, 139th Field Artillery, at Camp Shelby. It is reported Alford has married since going to Camp Shelby.

The divorce suit of Edna M. Cecil against Charles W. Cecil was heard by the court today. Mrs. Cecil also asks the custody of their child, Richard Cecil, who will be one year old next Sunday. The plaintiff attempted to prove that her husband has a violent temper and frequently became enraged and cursed her and her parents, with whom they lived. It is alleged by her that Cecil is lazy and would not work and support her and their child or provide a home for them.

### EXCHANGE CLOSES.

(By United Press.)

Montreal, Oct. 30.—The Montreal stock exchange was closed for an hour today and it was generally rumored on the street that the closing was due to many brokers having been caught with heavy holdings on a declining market. The Toronto exchange also closed when news of the Montreal exchange closing reached there.

The I. M. C. Club of New Salem is giving a box social this evening at the school building and the entire proceeds will be given over to the Red Cross society.

Washington, Oct. 30.—The turning point in the great struggle between General Cadorna's Italian forces and the invading Teutons on the plains of northern Italy will come within a week, official Rome cables declared today. It will take Cadorna at least six or seven days to consolidate his forces. By that time heavy reinforcements from the allies both in men and munitions are expected to check the Huns to prevent organized preparation for a turn on the Teutons side, however, Von Mackensen is forcing his troops day and night. Kaiser Wilhelm is expected to join Emperor Karl at the front immediately to urge farther haste. All dispatches indicate that Germany is playing her last trump card in an effort to force an end of the war through Italy.

## TO INCREASE THE SUPPLY OF PORK

Indiana Farmers Meet at Purdue in Hog Production Conference Today

EXPERTS ADVISE METHODS

(By United Press.)

Lafayette, Oct. 30.—Leading farmers of Indiana met at Purdue university for the state's first hog production conference. The meeting was called at the suggestion of Secretary Houston of the United States department of agriculture, who has arranged a series of such conferences throughout the central states.

Experts from the federal government's department of animal industry told of plans for increasing the nation's output of pork and urged the farmers to do everything possible to aid.

L. E. Northup, state veterinarian, explained the organization of pig clubs in connection with banks in various parts of the state. These clubs have increased the number of hogs on many farms and improves the methods of feeding and breeding in many localities.

He expresses a desire in his card for some "Sammy backer" to adopt him, but adds: "Still it is merely optional for I expect in the way of necessities, I am duly fortunate so far. The Red Cross gave us a sweater, helmet, wristlets, scarf and a pair of woolen socks (value 60 cents). Some kind lady from Flushing, L. I. sent me a box of cakes and biscuits with a glass of jelly. ## THEY HAVE OTHER BURDENS TO BEAR

War Tax on Admissions is Not Only One Motion Picture Theater Owners Have to Pay

TAX EACH FOOT OF PICTURE

While motion picture houses in other cities are raising their prices on account of the increased burdens placed on them by the new war tax which becomes effective Thursday, the Princess and Gem theaters here will charge only the ten per cent tax on admissions which is levied by the law.

The theaters will experiment with this to determine whether they can bear the other additional expense which the law puts on the owners of amusement houses. The tax levies a tax of a quarter of a cent a foot on motion pictures which has to be paid by the exhibition. This amounts to about fifteen cents a reel, or seventy-five cents a day if a five-reel picture is shown. In addition the two theaters have to employ a ticket-taker, which is an additional expense. A ticket-taker is required so the government will have a means of checking the owners up on their admission tax.

All the blood; all the heroism; all the money, and all the munitions in the world will not win this war unless our allies and the people behind them are fed.

Clear, Peachy Skin

Awaits Anyone Who

Drinks Hot Water

Says an inside bath, before breakfast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anaemic-looking men, women and girls, with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds, and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood while the pores in the thirty feet of bowels do.

**Food Conservation Week**  
This week has been set aside by the food administration as Food Conservation Week.  
The purpose of the campaign beginning this week is to get us to substitute foods that are plentiful for those that are scarce.  
We are asked especially to substitute for  
WHEAT, MEAT, SUGAR AND ANIMAL FATS  
Every home in Rush county should begin a system of substitution right now.  
Also remember that every bit of food saved now will have its effect on shortening the war, so save as well as substitute.  
We take pleasure in listing below a number of articles from our stock that will assist in making the wheatless, meatless and sugarless days easy to prepare for.  
In place of wheat we suggest corn meal, oatmeal, hominy, rye, or buckwheat flour.  
For meat you may use fish, poultry, sardines, salmon, nuts and eggs.  
For sugar use molasses or honey. Eat dates, figs, raisins, peaches, prunes or apricots. Use jams, jellies, and preserves. Save sugar by all means.  
In place of animal fats use Crisco, olive oil, corn oil, peanut butter and cheese.  
Our window this week will be devoted to displays in keeping with the spirit of Conservation Week.

### Days Pickings

Now that the quarantine has been raised, the Boy Scout troops are planning to resume their work. The troops will have their regular meetings this week. At present, the boys are interested in the basketball tournament to be staged between the Methodist and Christian troops. Ivan Alexander, Mr. Cullipher and Havens Frazee constitute a committee from the latter troop to confer with the Methodists and make arrangements for the games.  
The Pension Board of the county, composed of Dr. C. H. Parsons, Dr. E. I. Wooden and Dr. Metcalf, received orders yesterday to be organized and await orders from the government concerning pension cases. All authority to the board comes from the government. Their work will include the investigation of cases where an increase of pension is applied for, where the soldiers record has been irregular, where he has never received a pension and a number of special cases.  
Daigh VanOsdol of this city, a student in Indiana university, is to appear on a program to be given for the teachers of the state at their convention to be held in Indianapolis the latter part of this week. The program will be given at the German House on Friday evening and he is to play a solo on his steel guitar, for which he has already shown his talent here, and to give a whistling solo.  
Dr. W. S. Coleman, school doctor, continued the examination of school children today. He took cultures from the throats of 100 children and all who have been exposed are kept out of school. In two or three days the reports from each culture will be returned. Today, the work was done in the Jackson school.  
The claim of J. W. Northam against the estate of Charles Jordan for \$10.14 has been put on the circuit court issue docket and will come up for trial.  
The claim of Alfred Crawley against the estate of Ada Crawley for \$400 has been transferred to the issue docket and will be heard in the circuit court.  
The claim of Johnson Shaw against the estate of William E. Tinsley for \$22.90 will be tried in the circuit court.  
The Gwynneville Red Men's lodge will give a masquerade social in their hall tomorrow night.

### MUSICAL CLUBS ARE GETTING UNDER WAY

With Two Concerts Planned, High School Students Are Practicing Diligently

#### GLEE CLUBS AND ORCHESTRA

Already, three musical organizations have been started in the local high school and are meeting weekly for practices. Sixteen young men are in the Boys Glee Club, twenty-one girls are in the Girls Glee Club and the orchestra is composed of

thirteen young musicians. In order to become a member of any of the clubs, it was necessary to "try out" and successfully pass the test given by C. E. Parke, musical director, who has all three organizations in charge. With two concerts to be given in which each one will take part, the young people are practicing vigorously at each of their weekly practices. The dates for the concerts have not been set.

No one factor in the high school last year added more spirit to the school or received higher praise

In view of the fact that there are always some false fire alarms on Hallowe'en night, the city fire department is expecting to make its first run with the new chemical truck which arrived last Saturday.

## Red Blooded People Live The Longest

Red blooded people retain their youth and vigor until late in life because red blood ages slowly.

A child with impure blood seems old, while an old man with pure red ironized blood seems young.

Impure blood clogs the system with waste matters, rapidly aging body, mind and spirit.

Pure blood is red blood, rich in iron and phosphates with power to rid itself of waste matter and able to carry life giving oxygen to every cell and nerve. It makes both young and old, bright, happy, keen and interested in life. This is the blood you need, every day of your life, the rich red blood made by pure food, fresh air, restful sleep and "Phosphated Iron from the red blood and nerve builder."

Phosphated Iron enriches your blood and nerves—putting them in shape for work. Improves your color, increases your appetite and gives you strength, vigor and power to enjoy both work and pleasure, makes you feel like doing things once more.

Phosphated Iron is prescribed by leading doctors for all who are worn out, run down, nervous, weak and thin blooded people in all walks of life, they have learned to depend on it for honest results.

Special Notice—To insure physicians and their patients receiving the genuine Phosphated Iron, we have put in capsules only, so do not allow dealers to substitute pill or tablets, insist on the genuine, in capsules only. Pitman & Wilson, leading druggists everywhere. Rushville, Ind.—(Adv.)

### Duties Versus Privileges

When the present conflict burst upon the world, humanity—democratic humanity—was asleep. It was a sleep that had lasted since Washington and his ragmuffin army had first "made the world safe for democracy." His work had been done, and well-done, and Americans had for more than a century been living under the delusions that there was nothing more to do in the cause of human freedom.

From the establishment of this republic, orators and writers have never tired of ringing the changes on the glorious privileges of American citizenship. They are instilled into use from the kindergarten to the college. They are the daily pabulum upon which our Americanism is nourished.

The world cataclysm found us making a fetish of our "rights" and "privileges." We were extremely jealous of them, and resented any infringement of them with the fierceness of a brooding hen. We were proud of them, and flaunted them in the face of our less fortunate neighbors across the water.

But one thing we had forgotten, namely, that someone had paid a price for these priceless blessings of liberty; somebody had purchased them, and we were not that somebody of somebody. They had been purchased by blood, but as we had not shed that blood, we had never fully appreciated the value of the purchase.

And we are only just beginning to grasp the fact that our revolutionary sires, when they had marched through blood to the goal of their inspiration, bequeathed to us, their descendants, not only the glorious blessing of liberty, but by the side of it and hand in hand with it, the duty of preserving it in its purity as received. That duty has never been lifted from our shoulders, and never will be, unless we shall so far fall short as to cease to value the fruits of the sacrifices so cheerfully made by those old heroes of the long ago.

This duty is looming larger and larger, clearer and clearer, as the days go by. We are beginning to recognize the eternal truth that if all would joy, all must serve. You and I—should either be favored at the expense of the other? Your boy and my boy—have not both been the recipients of the same protection and fostering care, and shall my son refuse to make the sacrifice while your son bares his breast to the storm?

There is a theory that gold, that most precious of metals, was at one time deep hidden in the center of this globe, but that the violent internal convulsions to which the old

ball has been subjected have thrown it to the surface. If the present social convulsion shall be the means of bringing to the surface of human character the pure gold of sacrifice and an appreciation of the duty of the individual to society, great good will come of the trials we are called upon to endure.

### Why the Food Pledge Card?

A great many people do not see any use in signing the Hoover food pledge card—almost a million of which the food administration hopes to have signed in Indiana by November 4.

It is simply a free and easy way of accomplishing something in a free and democratic country that has been accomplished in autocratic countries by stern food laws. Herbert Hoover believes that even better results can be obtained if people are persuaded to eat less of certain foods which are scarce and more of certain foods which are plentiful if they are persuaded to do so from a patriotic motive than if they are told flatly at the start that they must do so and so. He has seen the effects of food dictatorship in Europe and does not think is applicable to America.

So sign the food pledge without a bit of hesitancy. It indicates to Mr. Hoover that you will study the food problem and do all you can to help. He has asked us if we will try to get along with less wheat, pork, mutton, sugar and fats, and has given us the pledge cards on which we can all write a loud and unanimous "Yes!"

We are only beginning to understand why Bernstorff shed tears on being dismissed from this country. The field for his peculiar brand of diplomacy was so rich.

## SEES NO EXCUSE FOR SOUR BREAD

State Food Commissioner Says It Can be Avoided By Using Pure Ingredients

### "BAD" BREAD IS A WASTE

Housewives Who Make Baking Which Is Not Satisfactory Should Revise Methods

(By United Press.)

Indianapolis, Oct. 30.—"There is no excuse in the world for sour bread. It can always be avoided by using pure, clean ingredients and clean utensils," said H. E. Barnard, state food commissioner today. His statement follows:

"Every loaf of bread that goes 'bad' in the bread box reduces the food supply. It is a definite waste shops frequently become infected with bacteria which produce a dark, sticky and foul smelling bread. Occasionally the home bread baker meets with the same trouble. The bacteria which produce this condition are hard to kill. They are not destroyed in the oven. They can only be driven out by keeping the bakeshop or the kitchen absolutely clean. Like most other bacterial troubles, sanitary surroundings are the best preventative. The growth of the bacteria in the bread may be prevented by using sour milk instead of water in mixing the dough, or by adding a little less than one and one-half tablespoonful of vinegar to a quart of flour. The vinegar may be added directly to the sponge in mixing and the bread made in this way is not appreciably different from other bread. After the bread is baked, keeping it below 68 degrees Fahrenheit will aid in perfecting the growth of these bacteria.

"Other 'bad' bread has a sour smell and taste. The crust is grey without gloss or brightness but smooth and dull in appearance. The crust is usually shrunken, with putty-like edges and the crumb is usually of poor texture. Sour bread is due to bacterial infection which may come from impure yeast or the use of unclean dishes. It may also be produced by too high a temperature during the rising of the dough, or by allowing fermentation to run too long before kneading. There is no reason whatever for having sour bread. It can always be avoided by using pure, clean ingredients and clean utensils and keeping the temperature from getting too high and the fermentation from proceeding too long.

"If you occasionally make a baking of bread which does not satisfy you and some of which is almost sure to waste, revise your methods of work and eliminate the waste. It is just as unpatriotic to allow bread to waste by disease as it is to throw it away in the form of uneaten crusts."

## WHITECAPPERS TO DOLE OUT PUNISHMENT

Secret Organization Which Whipped Herbert Bigelow Has Two Prospective Victims

### NAMES GIVEN TO BIGELOW

(By United Press.)

Cincinnati, O., Oct. 30.—Seven leaders of the whitecap organization which kidnapped and whipped Herbert Bigelow, pacifist, met last night in Covington, Ky., to make plans for future action and to review events of Sunday night, it was learned today.

Two more men are on their list as prospective victims. The names of the men were given to Bigelow by the whitecaps after they had whipped him.

Forty per cent of the 800 members of the secret organization which is pledged to punish all men whom are suspected of disloyalty and whom the law can not reach, live in Cincinnati.

The remaining sixty per cent live in Newport and Covington, Ky. The members are said to be men of substance and standing in their communities.

Friends of Bigelow hope to break into the oath-bound circle with promises of reward.

## SEASON WILL GET START TOMORROW

Rushville High School Basketball Team Will Meet Morristown On Local Floor

### DIPHTHERIA IS RESPONSIBLE

First Game Scheduled Two Weeks Ago, But Had to be Postponed Due to Epidemic

The high school basketball season will get under way tomorrow night when the Rushville quintet will meet the Morristown high school five on the local floor.

The opening of the season has been held up for two weeks on account of the diphtheria epidemic. The first game was scheduled for Friday, October 19 with New Palestine, but had to be postponed on account of the quarantine.

Although getting a late start, the Rushville team has prospects of a good season. The quintet is working good in spite of the fact that three or four good men of last year's team have been lost. Games have been scheduled with such teams as Newcastle, Richmond, Bloomington, Shelbyville, Connersville, Greensburg and Liberty. The complete schedule follows:

Oct. 26—Rushville vs. Milroy at Rushville.  
Nov. 2—Open.  
Nov. 9—Rushville vs. Connersville

at Rushville.  
No. 16—Open.  
Nov. 23—Rushville vs. Greencastle at Greencastle.  
Nov. 30—Rushville vs. Shelbyville at Shelbyville.  
Dec. 7—Rushville vs. Milroy at Milroy.

Dec. 15—Rushville vs. Bloomington at Rushville.  
Dec. 21—Rushville vs. Liberty at Liberty.  
Jan. 4—Rushville vs. Shelbyville at Shelbyville.  
Jan. 11—Rushville vs. Newcastle at Rushville.

Jan. 16—Rushville vs. Greensburg at Greensburg.

If You Have Already Signed, Pass This On To a Friend

TO THE FOOD ADMINISTRATOR:

I am glad to join you in the service of food conservation for our nation and I hereby accept membership in the United States Food Administration, pledging myself to carry out the directions and advice of the Food Administrator in my home, in so far as my circumstances permit.

Name \_\_\_\_\_

Street \_\_\_\_\_

City \_\_\_\_\_

State \_\_\_\_\_

There are no fees or dues to be paid. The Food Administration wishes to have as members all of those actually handling food in the home. Anyone may have the Home Card of Instruction, but only those signing pledges are entitled to the Membership Window Card, which will be delivered upon receipt of the signed pledge.

Cut this out carefully and send it to the Federal Food Administrator, Room 20, State House, Indianapolis, Indiana.

Do not send it to Washington. Send it to Indianapolis.

This is the same as the pledge card, and just as official. Do not sign this if you have signed a pledge card. Do not sign a pledge card if you sign this.

When you send this in, with your name and address, you will be sent free: (1) a handsome three-colored window membership card to show that

you are trying to live up to the suggestions of the food administration at your house; (2) an interesting and valuable book of suggestions and recipes, entitled "Ten Lessons on Food Conservation"; (3) a wall card to hang in your kitchen, entitled "The Kitchen War Creed," to show you how you can help win the war in your own kitchen if you wish.

And the food administration will mail you other helpful things later, perhaps.

To sign this card is a patriotic privilege. It will make you a leader

in your neighborhood in the task of saving certain foods for our soldiers and our allies.

Sign this card. Show Mr. Hoover you are with him. Hang out your window membership card when it comes. Read the interesting literature that will be sent you.

The government is not going to ask for your canned goods or for anything else, because you sign this card. You incur no obligations. You merely promise to study the problem of "food saving to win the war" and do what you can to help.

## A Magic Bottle for Automobile Owners

# SOCIETY

Edited by Miss Katherine Hitt.

An educational as well as intensely interesting program was given at the meeting of the Ladies Musicale held in the assembly room of the court house yesterday afternoon when Miss Jennie Madden dealt with "Italian Music" in her illustrated paper. Beginning with the early church music and commenting on the oratorio, she brought the music of Italy up to the present day. The story of a number of operas was told and the conditions under which they were written. Each piece of music she dealt with was illustrated by playing it upon the Edison. The program of numbers played on the instrument follows:

Gloria  
Inflammatus by Rosini.  
Roon for the Factotum by Rosini.  
Seniramide by Rosini.  
Dearest Knave, Miserere, and Farewell, Oh Earth, by Verdi.  
Intermezzo Cavalliere by Mascagni.  
Thou Sweetest Maiden, The Stars Were Shining and One Day He'll Come, by Puccini.  
The Bird Song by Tetrazzina.  
Lucia Sextette by Donizetti.

During the business session following the program twenty new members were voted into the Musicale. The next program in two weeks will be in charge of Mrs. F. H. Wolcott and Miss Alice Norris and will be composed of "Patriotic Music."

The regular monthly meeting of the C. W. B. M. of the Main Street Christian church will be held in the church on Thursday of this week. The meetings for the entire winter have been changed from Wednesday to Thursday for two reasons; the church will be heated for prayer meeting on Thursday and the women of the Aid society of the church sew for Red Cross on Wednesday afternoon of each week.

An excellent program is planned for the meeting this week. Mrs. Roscoe Ward will have charge of the Bible Study; Mrs. G. P. McCarty will give a book review; Miss Wanda Wyatt and Mrs. Earl Moore are to sing a duet; and Mrs. Mary Brown will conduct the period given over to "Hidden Answers." The ladies of the November division are to be hostesses.

Mr. and Mrs. Jess Rees entertained a number of friends at a three course dinner at their country home near Gings when their guests were Mr. and Mrs. D. P. Rea, Mr. and Mrs. John Stevens, Mr. and Mrs. Frank McCrory and daughters, Frances and Helen, Mr. and Mrs. W. R. Martin and daughter Ruth, Mr. and Mrs. Vern Smith and daughter, Lillie and son Ray, Mr. and Mrs. Fred Martin and daughter, Janet, Mrs. Lizzie Morris and Miss Delphine Rees. Band of Workers of First Presbyterian church, with Mrs. Revilo Ferguson at 415 North Harrison street in the afternoon.

Happy-Go-Lucky Club, with Mrs. Bert Norris at noon at home northeast of city.

Hallowe'en party with Mrs. Ben Humes and Mrs. Louis Mauzy at 720 North Harrison street in the afternoon.

Juanita Club, with Mrs. Luther Sharp in West First street in the afternoon. Assisting hostess, Mrs. Elizabeth Trennepohl.

Hallowe'en Party for Wednesday Afternoon Club and families, with Mr. and Mrs. Sam Innis at 639 North Perkins street in the evening.

Informal party, honoring Miss Emma Wilk, with Mrs. Donald Smith at 820 North Harrison street in the evening.

table was adorned with chrysanthemums. The affair was given Sunday.

Invitations are out for the reception to be given by Mr. and Mrs. B. P. Miller at their home at 501 North Morgan street on Friday evening November 9, honoring their son, Eugene Carlyle Miller and his bride, who was Miss Marguerite Frenzel of Indianapolis. The hours of the affair are from 8 until 9:30 and from 9:30 until 11. Preceding the reception, the out-of-town guests will be entertained at dinner. At present, Mr. Miller and his bride are on their honeymoon in the east.

The plan made by the Coterie Club for the winter is to have one of their monthly meetings at Red Cross headquarters where they will work in the surgical dressing class and the other monthly meeting is to be a regular meeting. Yesterday, the ladies were to have worked at the Red Cross headquarters but the bandage class had not yet opened. In two weeks from yesterday, the club will meet with Mrs. VanOsdol and Mrs. Barrett as hostesses.

Two out-of-town guests were present at the pleasant meeting of the Five Hundred Club held with Mrs. J. C. Sexton at her home in North Main street yesterday afternoon. The guests were Mrs. D. C. Green of Arkansas and Mrs. Hadley of Anderson, the guest of Mrs. Theodore Reed. Following the card games, the hostess served dainty refreshments. Mrs. Frank Wilson will entertain the club in two weeks.

"Carlyle was the greatest writer of the Victorian period" declared Prof. William E. Jenkins last evening at the first of his series of lectures to be given here this winter for the Shakespeare Club on Victorian writers. "He can neither be called an essayist or novelist, for his works are equally good. We will call him simply a writer." Within himself there were three things that Carlyle believed in, according to Prof. Jenkins. They were God, freedom and immortality. He wrote about the men that did things, such as Cromwell and Napoleon. These men were mentioned in connection with his comments on Carlyle's book, "Heroes and Hero Worship." In speaking of the book "Frederick the Great," Prof. Jenkins told of the will that Frederick had left to the Hohenzollerns, causing the war of today. The will told the family to keep up the army of Germany, to remain on friendly relations with the neighboring nations and to spring on them when they least expected it. He said, too, that England could never understand France; or France, England; but that America was enough like the two to act as a go-between and be the interpreter for France and England.

Like all of Prof. Jenkins talks, this one was intensely interesting.

On Wednesday evening, November 7, the Rev. and Mrs. Clyde S. Black, the new minister, and his wife, of the Methodist church will be honored with a reception in the parlors of the church. The pastors of all churches the members of the congregation and all of the friends of the church or those interested are invited to attend. The ladies of the church are giving the reception.

Mr. and Mrs. Fent Johating entertained at dinner Sunday at their home in West Fifth street. Covers were laid for Mr. T. J. Holmes, Mr. and Mrs. Perry Young, Mr. and Mrs. Malcolm Holmes, Mrs. Elizabeth Rankin, Miss Leona, Otis, Rolla and Russell Rankin, Mrs. Laura Newbro, Harry Myers and Tom Naden of this city.

The Donnan Class will meet on Saturday afternoon at 2:30 o'clock with Mrs. Sam Innis at her home in North Perkins street. The meeting has been changed. Originally it was planned to have the meeting this evening at the home of Mrs. F. G. Hackleman.

The C. W. B. M. of the Little Flat-rock Christian church will meet on Thursday afternoon at the home of Miss Ida Stevens. The meeting will begin at 2:00 p. m. Each lady attending is asked to bring one can of fruit which will be sent to the College of Missions.

The members of the Wednesday Afternoon club, instead of their regular meeting tomorrow, are entertaining the members of their families with a Hallowe'en party at the home of Mr. and Mrs. Sam Innis tomorrow evening.

A number of young people from this city are planning to attend the masquerade dance to be given in Connersville tomorrow evening in the Bush Hall. It is to be a Hallowe'en affair.

The Elks open their social season for the winter on Thursday evening of this week with a dance to be given in their club room. A three piece orchestra is to play for the party.

Clever Hallowe'en invitations have been issued by Mrs. Louis Mauzy and Mrs. Ben Humes for the card party to be given on Hallowe'en afternoon at the home of the former.

Miss Grace Buell will be hostess to the members of the Friday Afternoon Embroidery Club at her country home near the city on Friday afternoon of this week.

The Band of Workers of the First Presbyterian church will meet with Mrs. Revilo Ferguson at her home in North Harrison street Wednesday afternoon at 2 o'clock.

## Aeolian-Vocalion?

IT lends to your home the very atmosphere of the ball room. It is never noisy or strident—yet possesses almost the carrying power and tone depth of the orchestra itself. Whether the number be a jolly syncopated one-step, the merry lilt of a fox-trot or a dream laden waltz melody, the fine musical quality, together with the buoyant well marked rhythm of it all, makes dance music on the vocalion entirely irresistible.

"Have You Ever Played the Vocalion With the Graduola?"

THIS means that you may enjoy the Vocalion as a musician as well as a listener. It means that the Aeolian Vocalion will live after many productive instruments have been forgotten—for the graduola affords a means of personal expression in music—and this power no other Phonograph possesses.

## COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss. While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

## News of Interest from Many Points in County

### Glenwood

The reception given by the Junior League for the Rev. J. R. French, the new pastor, and his family, at the Methodist church, was well attended and greatly enjoyed.

The Rev. J. R. French preached at the M. E. church Sunday morning and evening. Prayer meeting will be held every Thursday evening at seven o'clock. Everyone is cordially invited and will be welcome.

Mr. and Mrs. Ralph Peck and son spent the week end with Mrs. Peck's parents, Mr. and Mrs. Jones, of Center township.

A Halloween social will be given at Osborne's hall by the women of the Methodist church and the proceeds will be used for decorating the interior of the parsonage. A charge of five cents will be made for those who do not mask. Ice cream and oyster will be served and on old fiddler contest will be one of the features.

Mr. and Mrs. Asa Driggs and family of Richmond barely escaped meeting with a serious accident while passing through Glenwood. The center pin of the right side of the rear axle was just about out when discovered.

Guy Messersmith of Chicago, a former resident of this place, is spending a few days vacation here. He very much enjoys long hikes having walked recently to the Chas McKee place one evening. It has been 28 years since he lived here.

Claude Thompson is employed by the Lewark garage here now.

The peoples party has nominated the following ticket for the election next Tuesday. Lew Matney was named candidate for trustee from the first ward; M. H. Fielding, second ward; Guy Little, third ward; Frank Stamm, clerk and treasurer.

A baby boy has been born to the wife of Frank Stamm.

John Reed is now making his home at the Glenwood Inn with Mr. and Mrs. J. H. Link

Mr. and Mrs. A. P. Reynolds, son Garrett and daughter Vera and Mr. and Mrs. James Norris of east of Falmouth were the week end guests of Mr. and Mrs. James Fisher and family of Brookville. Mr. Fisher is the superintendent of the Franklin county schools.

A bountiful chicken supper was served to twenty students and two teachers from the Elmhurst school near Connersville at the Glenwood Inn.

Mrs. J. E. Walther and son John are spending a few days at Clayton, Indiana.

Emery Weston, who is employed by Perry Meek, got a wheat beard or a piece of wheat straw in his left eye. Although two small bits of straw have been taken from his eye it does not seem to heal very rapidly. He is compelled to wear colored glasses all the time.

### Little Flat Rock

Dr. and Mrs. W. T. Cooper of Circleville, Ind., were the week-end guests of relatives here.

The reception given for the new members at the church Friday night was well attended. All enjoyed an evening of music, clever contests and readings after which light refreshments were served.

Miss Mary McClanahan of Columbus, Ohio, was the guest of Miss Gailie Moorehead several days last week.

John Coletock, who suffered a severely sprained back by falling from a ladder a week ago is able to be out.

## STATE RED CROSS WORKERS MEETING

James R. Garfield to Deliver Address This Evening—War Workers to Speak.

### FIRST OF KIND EVER HELD

(By United Press.)

Indianapolis, Oct. 30.—Delegates from all Indiana Red Cross chapters attended a meeting at the Claypool hotel today to discuss war work. This is the first general session of the Indiana Red Cross held since the United States entered the war.

James R. Garfield, manager of the Lake division who presided over the sessions, will deliver an address tonight, telling of the work already accomplished.

James L. Fieser, director of the bureau of civilian relief of the division and Miss Mary Roberts, director of the bureau of nursing, spoke at the morning session.

Charles Edward Russell, writer and lecturer, who went to Russia with the American commission headed by Elihu Root, was also scheduled for an address.

## Shortage of French Harps Concertinas and Accordians

There are to be no more french harps, accordians, or concertinas on the market, for a time at least. The only factory in the world making these musical instruments was that owned by M. Hohner in Germany. The Japanese who are wonderful imitators are now trying to duplicate these instruments and will probably succeed in time. Local stores have tried a number of places in this country to fill the orders that have been placed with them, but have failed.

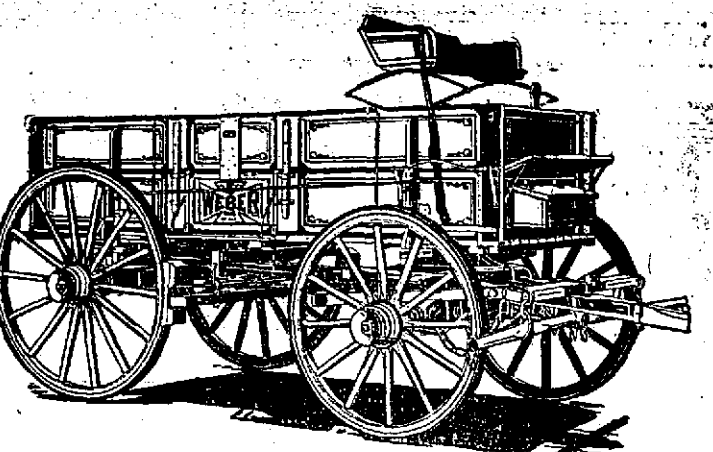

Greensburg—Mrs. John W. Burney has solved the problem of the cutting down the high cost of butter. Every three of four weeks she receives five pounds from a relative in Montana. The postage amounts to about forty cents. Good butter here costs about fifty cents a pound.

## Wash Away Skin Sores

To the many sufferers of skin disease D. D. D., the liquid wash, has become a household word. They know it is reliable and they can depend on it, they do not hesitate to recommend it to their neighbors. It has proved itself a remarkable remedy for all forms of Eczema. It is a germicide that is harmless to the most delicate skin, but still it is effective and quick in action. If you are a sufferer from skin diseases, including ulcers, pimples, scales, crust or Eczema in any form, this remedy will not disappoint you. It has stood the test and today is the master preparation for all skin diseases.

Come in today and ask about our guarantee on D. D. D. Also about D. D. D. Soap, that keeps the skin healthy.

## Come In and See the Weber Here Are More Big Points

YOU will be interested in looking over the hound, hub, skein and skein box construction. On the Weber the hounds are of straight-grained oak; on the front gear they are of the same type, wide and roomy in the rear, to give the reach ample support in turning short. They are mortised and well braced with solidly welded steel. Hubs are of white oak only, turned, shaped and bored accurately for the skein boxes. Skein box is made so that a grease chamber is formed. A solid collar keeps the oil away from the wood of the hubs. Mud and sand cannot get into the axle and the skeins cannot wear into the skein boxes. That means long life and good service.

These are all reasons why you should have a Weber wagon—that is, if you want a wagon for real work. Come in and let us show you.

the gun into position in order to have the honor of firing the first shot at the Germans.  
An American lieutenant of the signal corps who was working in a communication trench was slightly wounded today. He has the honor of being the first American soldier to be hit in action.

### FIRST MEATLESS TUESDAY

#### Indianapolis Observes Day and Will Have "Wheatless Wednesday"

(By United Press.)  
Indianapolis, Ind., Oct. 30.—This city's first meatless Tuesday was observed in restaurants and homes today.  
Wheatless Wednesday is on the program for tomorrow.  
No wheat bread will be served at dinner, on any day.  
Food authorities have threatened to close the butcher shops one day each week unless the meatless day is observed generally.

### Amusements

Kathlyn Williams and Theodore Roberts will divide honors in "The Cost of Hatred," at the Princess tonight. The life-long search of a domineering personality to get revenge provides a drama of unusual quality with many thrilling moments. Tears and laughter abound in the picture for tomorrow night, "The End of the Tour," in which Lionel Barrymore is featured. The usual Pathe News will be shown. Earl Williams and Dorothy Kelly will be seen in, "The Maelstrom," Thursday evening.

Another chapter of the serial, "The Neglected Wife," will be shown at the Geth theater tonight. In this picture the wife learns who "the other woman" is. Lonesome Luke will appear in a cartoon comedy, "Stop, Look, Listen." Tomorrow night Jackie Saunders will appear in "Bertie Be Good."

### SONGS OF THE SAMMIES

Paris, Oct. 10 (By Mail)—If Sammy, after tiring weeks of heavy training or weeks in the trenches, could step, bag and baggage, into the lobby of some of America's finest hotels he could be no better satisfied than with what awaits him at 38 Rue de L'Echiquier, Paris.  
It is the new Y. M. C. A. hotel just opened, where the toughest, grimmest Sammy will be just as welcome as the sleek, well groomed officer.  
Beginning in the elaborately furnished lobby with its palms and marble, the soldier can throw his kit bag, gas mask and other impedimenta, on the mosaic floor and let George do it. George, a smartly brass buttoned bell hop will shoulder the load while Sammy picks out his room. This room has a real luxurious carpet on the floor, running hot and cold water, a beautiful brass bed and all the modern knick-knacks. There are enough rooms for 400 Sammies and they cost from thirty cents up.  
After he has tidied up, Sammy can saunter into a beautiful breakfast room in which the most fastidious traveler could find nothing to growl about. This breakfast room is perfect. The musical tinkle from an ever running fountain gives a restful atmosphere. For all this and for a meal of bread and butter, jam, coffee, eggs in abundance and ham or steak if wanted, Sammy pays from thirty to sixty cents.  
Smoking and reading rooms and writing rooms give him every chance for restful recreation. In addition to all this, American women, members find in any foreign capital, are on sale at the moderate American price.  
of the Paris colony, make it a point to drop around to talk to the boys. A ladies lounging room, fitted with Turkish rugs and Louis XV furniture is fitted for Sammy and his visiting American women.  
The hotel is the first of a series which the Y. M. C. A. will furnish for recreating American soldiers in Paris and other points in France. It is in charge of J. J. Carrington, formerly head of similar work at Manila, P. I. and Fort McKinley.

Newcastle—A new industry, the New Process File Co., incorporated at \$10,000, will be opened at Newcastle soon.

## To the Voters of Rushville City:

As a majority of the present City Council is again asking for your support, we would set out a few of the things that the administration has accomplished.

When we took office on Jan. 4, 1914, there were \$2,721.43 turned over to the present City Treasurer from the former Treasurer. We found an indebtedness of over \$20,000.00 in money borrowed from the banks and in old claims turned over to us. Money borrowed from the banks was bearing 6% interest on notes. We refunded that debt by issuing bonds at 4%. There were also a number of law suits pending against the City, which we have gotten out of the way.

We found the water supply insufficient, but we have been able to keep a good water pressure at all times. We have the water and light plant on a paying basis, having a surplus at this time of over \$8,000.00. We have refunded water meter deposits and put in new water meters to the amount of over \$12,500.00.

We have paid all maturing bonds, with interest, amounting to over \$19,000.00. We have reduced the tax levy 10c, making our tax levy for the coming year \$1.05, and, if the candidates on the Republican ticket are elected, we believe that the taxes can be further reduced the coming year, as we now have on hands over \$21,000.00 in cash, none of the December draw being touched and all current bills paid.

We have made street and alley improvements and feel that the streets in the city have been well cared for.

We are also paying \$40.00 a month for the visiting nurse, a thing that had never been done before.

As all of the candidates on the Republican ticket are careful and conservative business men, we guarantee that if you will elect the ticket, we will continue the good service that the past administration has given. If this merits your support, we would be very glad to have it.

## I Own A Liberty Bond DO YOU?

IS THE FREQUENT QUESTION THAT YOOU HEAR.  
Each person who has subscribed for a Liberty Bond has loaned to his Country in time of its need, and has performed a patriotic service. Patriotism should be cultivated in every way. As we value the institutions of our Government and that the principles upon which they are founded may be strengthened and extended, we should all work together in a Spirit of Sacrifice.

We are engaged in a war that threatens the very life of our Nation. In order to "Make the World Safe for Democracy" we must win. In order to win—

WE MUST SAVE  
WE MUST CONSERVE  
WE MUST CO-OPERATE
